IDENTIFIERS California (Santa Clara County)

ABSTRACT

Despite the tremendous growth of the ethnic community in Santa Clara County, California, very few minorities are employed in city and county government. The Minorities In Government Internship Project (MIGIP) was established to place minority vocational students with a minimum of 12 quarter units in their major in administrative, technical and management internships in local municipal governments. Specifically, the MIGIP sought to recruit and train 10-15 minority vocational college students for work in the public sector, evaluate the placement of the interns, coordinate activities with other skill training and job placement programs in Santa Clara County, disseminate project results, and make recommendations. Twenty-four requests were received and 11 interns were placed in government internships from April 4 to June 1, 1992. An evaluation survey was sent to all interns and site supervisors, results indicated that the supervisors were extremely pleased with the interns, while the interns felt that the internship substantiated their vocational training and provided them with an appreciation for government service. Recommendations include expanding the internships to 6 months so that interns could learn the nuances of their jobs and the complexities of government work, developing a civics class for incoming freshmen students in community colleges, setting up a job fair for government jobs and services in the community colleges, and replicating the MIGIP project. Survey forms, sample letters and a project brochure are attached. (MAB)

- sented to educate students to the Internship program. The Filipino-American Club, the Career Planning and Place ment Center and other student services on each campus (5.1)A minimum of three outreach workshops will be prewill be used as resources for student outreach.

- 3.2 Interested students must be currently enrolled in a vocational program, with a minimum of 12 units completed towards their major course of study.
- and Assistant Internship Developer on a one-to-one and a group basis to further develop information in order to focus program goals to student needs. Student internship opportunities will directly relate to their vocational program. Internships will be paid or non-paid and will be done for college credit. Internships will be set up on a 12 week timeline for students to coincide with the quarter system on the Foothill and De Anza College campus. Interns will be required to work a minimum of 12 and a maximum of 20 hours per week.
- 3.4 Coordination with the Foothill/De Anza Risk Management Department and the Cooperative Education Department will be conducted to ensure liability for all Internship participants.
- Provide training and cooperative education internships to 10 - 15 minority vocational students in the public sector.
- 4.1 Develop a pre-internship program that will prepare participants in the actual experience phase of the project. This will include basic skills, personal and career counseling, local government structures and processes, and multicultural issues.

CONTRACT OBJECTIVES/ACTIVITIES

- (5.2)Interested students must be currently enrolled in a vocational program, with a minimum of 12 units completed towards their major course of study.
- (5.3)Students will meet with the Director and Internship Developer on a one-to-one and a group basis to further develop information in order to focus program goals to student needs. Student internship opportunities will directly relate to their vocational program. All internships will be non-paid but could be done for college credit. Internships will be set up on a 12 week timeline for students to coincide with the quarter system on the Foothill and De Anza College campus. This time line could easily be adapted to a semester basis depend ing upon the college need. Interns will be required to work a minimum of 12 and a maximum of 15 hours per week.
- (5.4)Coordination with the Foothill/De Anza Risk Management Department and the Cooperative Education Department will be conducted to ensure liability for all Internship participants.
- (#6)Provide training and cooperative education internships to 20 Filipino-American students in the public sector.
- (6.1) Develop a pre-internship program that will prepare participants in the actual experience phase of the project. This will include basic skill, personal and career counseling, local government structures and processes, and multicultural issues.

- 4.2 Develop with the participants an employment development plan (EDP) to include both academic and work experience requirements for the chosen skill area. The employment plan will include meeting identified needs and barriers of each individual participant to ensure their success in the project.
- 4.3 Provide a pre-internship Job Search and Placement workshop to help program participants in their interviews for internship positions in the public sector.
- 4.4 Develop internship agreements that will specify duties and responsibilities of the participant and employer.
- 5. Evaluate the placement of minority vocational students in internship positions and appropriate training areas.
- ship Developer will make an on-sight visit to participating employers and meet with prospective Faculty Advisors. Safety conditions, work environment, types of duties required, college liability as well as program objectives and design will be discussed. Prospective public sector participants will be evaluated as to the:
 - Appropriate skills to be developed during the Intern-
- 2. Availability/Ratio of Mentor/Advisor to the Intern. 3. Work environment and safety standards.
 - Work environment and safety standards.
 The promotion of gender equity in the workplace.
- 5. Employer policy toward the hiring of and/or services to economically disadvantaged, learning disabled or English as a Second Language employees.
 - 6. Responsiveness to multicultural issues.

CONTRACT OBJECTIVES/ACTIVITIES

- (6.2)Develop a pre-internship program for employers so they are prepared to deal with multicultural issues that may arise.
- (6.3)Develop with the participants an eniployment development plan (EDP) to include both academic and work experience requirements for the chosen skill area. The employment plan will include meeting identified needs and barriers of each individual participant to ensure their success in the project.
- (6.4)Provide a pre-internship Job Search and Placement work shop to help program participants in their interviews for internship positions in the public sector.
- (6.5)Develop internship agreements that will specify duties and responsibilities of the participant and employer.
- (#7)Evaluate the placement of Filipino-American Internship Students in jobs and appropriate training areas.
- (7.1)The Director and Internship Developer will make an on-sight visit to interested employers and meet with prospective Mentor/Advisors. Safety conditions, work environment, types of duties required, college liability as well as program objectives and design will be discussed. Prospective public sector participants will be evaluated as to the:
 - Appropriateness of skills to be developed during the Internship.
 - 2. Availability/Ratio of Mentor/Advisor to he Intern.
 - 3. Work environment and safety standards.
- The promotion of gender equity in the workplace.

Filipino-Americans	Asians	Hispanic		others

Provide training and cooperative education internships to 10 - 15 minority vocational students in the public sector.

MIGIP recruited a total of 55 minority students. Their ethnic background were:

26-Filipino-Americans

9-Asians

9-Hispanic

6-Blacks

5-Others

Anza College. Having direct access to the members, they convinced the students that this Filipino-Americans comprised 47.3% of our applicants because the Project Director and Co-Director are both Advisors of the Filipino-American Cultural Exchange Club in De internship is a positive step towards their careers. MIGIP received a total of 24 requests for Interns from February to May 1992. Internship postions were obtained from:

City of Milpitas: Community Policing and Strategic Planning Assistant
City of San Jose: Geographic Information Systems Assistant, Public Information
Intern, Contract Compliance Specialist, Real Estate Assistant, Transportation
Analyst Assistant, and Police Interns

General Office Assistant (2), Physical Therapy Intern, Computer Software Assis County of Santa Clara: Paralegal, HR Office Assistant, Communication, Assistant, tant, Management Aide, Affirmative Action Assistant, Occupational Therapy Intern, Patient Aide Intern, and Pharmacy Assistant.

City of Cupertino: Administrative Assistant - Finance Department

ERIC FULL TO A FRICE

City of Mountain View: Police Department Intern, Engineering Office Assistant, and General Office Assistant - Fire Department

Eleven Interns were successfully placed. They were:

Alfredo Cabigao - Computer Software Assistant (County of Santa Clara) Alexander Hang - Management Aide (County of Santa Clara) Geraldine Hernandez - Police Intern (City of San Jose)

Mary Hernandez - Administrative Assistant (City of Cupertino)
Rebecca Herrera - Affirmative Action Assistant (County of Santa Clara)
Teresa Huynh - GIS Assistant (City of San Jose)

Yi Ping Liu - GIS Assistant (City of San Jose)

Bertha Morris - General Office Assistant (City of Mountain View)

Eduardo Regala - Pharmacy Assistant (County of Santa Clara) Ehab Saab - Real Estate Assistant (City of San Jose)

German Sedano - Police Intern (City of San Jose)

All Interns have completed a minimum of 12 units in their vocational major prior to the and for liability coverage, Interns were required to register in CO-OP Ed: Occupational Work Experience (COOP 50). Some Interns were placed after a month into the spring commencement of their internship assignment in April 1992. To earn college credits quarter. They were allowed to start their internship but will not earn college credits until the summer quarter, when they will register for COOP 50.

The following internship procedure was followed:

Internship Procedure

- Interns selected by public sector agencies and departments were enrolled in COOP 50. Interns were required to fill out and submit an objectives work sheet which the Site Supervisor reviewed and signed (Attachment B).
- signed the Student Agreement form (Attachment C) and Performance Agreement Form A Faculty Advisor and the Internship Developer met with Interns and their respective Site Supervisors to review the objectives stated in the worksheet. Thereafter, Interns (Attachment D)

- during a quarter. Site Supervisors were encouraged to contact MIGIP for concerns or counseling and/or problem resolution. She documented every contact with Interns and Supervisors. Interns were also required to contact their Faculty Advisor thrice The Assistant Internship Developer called Interns once every two weeks for job problems with the Intern.
- On June 15, 1992, the Facuity Advisor and the Assistant Internship Developer met with interns and Site Supervisors to evaluate the Interns' performance and his/her accomplishment of work objectives.
- of the internship to his/her career and personal goals, how well he/she accomplished the To earn a grade, the Interns were required to write a self-evaluation paper on: the value performance objectives, and the value of the objectives as they relate to the employer and the work performed.

training in their vocational career.

to the success of this project. Coordination was established with OTI's Title III (dislocated Technician and Facilities Maintenance programs as well as De Anza College's Medical, coordination with OTI and the student clubs at De Anza College were, therefore, critical MIGIP is unique in that a similar project does not exist in Santa Clara County. Close workers) and Title IIA (low-income) programs, Foothill College's Computer Service Cooperative Education, and Students Activities departments.

Four Students from OTI's Title III program and one student from the Title IIA program

Publication - La Voz, Asian Week., San Jose Mercury News and Foothill-De Anza College Staff Publication - Connections. MIGIP brochures and information packet were distributed Articles about this project were written in the Philippine News, De Anza's Student Body to all City/County executives and elected officials. The Project Co-Director presented on the progress of the project in a Vocational Education Special Project workshop held in Los Angeles. A status report was distributed at the workshop and to all the advisory committee members. This report will be distributed to the State's Chancellor's Office, College Vocational Educa-Adult Education Facilities. Copies will also be given to the Career Planning and Placement tion Deans, Employment and Training Network, Community-Based Organizations and Centers of De Anza and Foothill College.

Recommendations

three months. This was not sufficient for Interns to learn the nuances of the job much less The Minorities in Government Internship Project (MIGIP) should be a one year project. Funding came in so late that internship assignments were limited to only one quarter or understand the complexities of government work. Site supervisors also felt that a one quarter internship was too short. Several of them requested for a continuation of the assignment for another quarter.

the local government executives that we approached were very supportive of the project. implementing the project within the timeframe given to us. The hiring freeze in city and willing to train and utilize qualified Interns despite of their ethnic background. Most of county government made this project timely. Department Supervisors were more than Requests for Interns that "poured" from the public sector was a surprise to us. We expected that the bureaucracy entrenched in local government would prevent us from The City of Santa Clara was the only exception.

to be a more difficult task. Student attendance in the seminars on government careers and Recruiting minority students and educating them on government careers/services proved which focused on law enforcement and public safety was the only one that attracted the most interest. It seems that law enforcement is the only government service that sparks students curiosity. We believe that more time should be devoted to educating minority services fell short of expected goals. The seminar on City Government and Services students in the civil service. Once exposed to government work, they will see it as a viable career option. Some of the recommendations made by the MIGIP Advisory Committee to strengthen the project included:

- * Developing a Civics class for Freshman students in Community Colleges
 - * Providing a minimum of six months internship for students
- Setting up a job fair for government jobs and services in the Community College

DEPARTMENT OF PUBLIC WORKS

May 19, 1992

Ms. Willie Mae Ogilvie, Coordinator Occupational Training Institute De Anza College 21250 Stevens Creek Blvd. Cupertino, CA. 95014

RE: MIGIP Student Interns

Dear Ms. Ogilvie:

The three student interns with the City of San Jose Department of Public Works are performing exceptionally well, within the established precepts of the MIGIP program.

As a result, the Department of Public Works is very much interested in extending their internship through the summer. The terms of their present internship agreement will expire on June 26, 1992 for Yi-Ping Lee and Teresa Huynh, and on July 10, 1992 for Ehab Saad.

It is our understanding that the extensions are possible, provided the students agree to continue their internship through the summer. Also, the Department could offer the students new tasks and learning opportunities in order for them to receive additional college credits.

It would be most appreciated if you would send the necessary paperwork and guide us through the procedures needed to process their internship extensions.

Please call me at (408) 277-4337 if you require further information. Thank you for your support and assistance.

Sincerely,

EMILY R. BRIGGS Analyst II

CHIEF OF POLICE LOUIS A. COBARRUVIAZ

May 28, 1992

DeAnza College 21250 Stevens Creek Boulevard Cupertino, California 95014

Gentlemen:

The San Jose Police Department has developed a working relationship with the "Minorities In Government Internship Project" through DeAnza College. To date we have placed two interns (German Sedano and Geraldine Hernandez). They are being kept very busy helping the Police Department in developing our Community Policing Program. This is a new experience for the Police Department and we are excited about the possibility of the continued involvement of interns from the MIGIP Program.

Alex Melendez and Willie Mae O'Gilvie have greatly assisted in the set up and coordination of the Internship Program. With their continued involvement, the Internship Program in the San Jose Police Department will be a great success.

Sincerely,

LOUIS A. COBARRUVIAZ

Chief, of Police

Sergeant Greg Trapp #1855

WHAT IS MIGIP?

pilot project of the Occupational Internship Project (MIGIP) is a

Community College District that is funded through the Chancellor's Vocational Education Special Project. This was conceived out of concern for the minorities' ack of representation in the top government jobs. Training Institute (OTI), of Foothill-De Anza

Despite this, very few minorities are employed in city The ethnic community in Santa Clara County has experienced tremendous growth in the last decade. and county government. THE GOAL OF MIGIP is to assist minority students in overcoming barriers and increasing the effectiveness of vocational education to assist students in entering public sector employment.

MIGIP will specifically target minority vocational students. It will provide them with:

- Knowledge of the complexities of governmental operations:
- Hands-on experience specific to public sector internship positions;
- Insight into the various facets of government pursue a career in public employment, and work which could stimulate a desire to
- An opportunity to transition into full-time employment

And MANY MORE!!!

WHO ARE QUALIFIED MIGIP INTERNS?

Foothill Community Colleges who Minority students from De Anza or have completed a minimum of 12 quarter units will be recruited and placed in different departments/ agencies of local governments.

internships will be coordinated with the Foothill De Anza Cooperative Education Department so liability insurance will be available to participants.

Computer Aided Drafting & Design Facilities Maintenance Technician Computer Programmer Analyst Computer Service Technician Machinist/Machine Operator Medical Laboratory Assistant Administrative Assistant Medical Reception Graphic Art/Design Medical Assisting Accounting Paralegal

WHAT IS THE COST?

MIGIP will provide non-paid or paid internships to students. Interns will earn college credit for working in your place of business while learning the skills they required to work a minimum of 12 and a maximum of Internships will begin in January. Interns will be vided by Foothill/De Anza Cooperative Education need to become competitive in our local labor market. 20 hours per week. Liability insurance will be pro-Department

for a student to acquire hands-on practical knowledge Your only commitment is to provide the opportunity in the career field he/she has selected MIGIP can offer you highly motivated students to work in your business in a variety of fields at absolutely no cost to your department or agency. In inship performance will be monitored by MIGIP

If you are interested in participating in this innovative and noble project, please contact our office today!
